

Lucy Summary

This guide is to be used for downloading your health information for personal use.

1. Click on the Health tab and select document center.

2. Select Visit Record

3. Select Lucy Summary and then download.

Visit Records

Select the visits you'd like to view, download, or send. You can select a single visit or multiple visits using the options below. Your Lucy Summary is also available.

Single Visit Date Range All Visits **Lucy Summary**

What is your Lucy Summary?

It is a portable copy of your allergies, medications, current health issues, procedures, test results, and immunizations from MyChart. You can put your Lucy record on a USB drive and take it with you to share with your other healthcare providers.

VIEW **DOWNLOAD**

4. Select unprotected or password protected. If you choose password protected, set a password and click request.

Download My Record

Request your Lucy Summary.

 **Lucy Summary**

 **Lucy Summary with Password Protection**

Safeguard your health information with a password. This will provide a higher level of security, and you may need to find and use other software to access your record.

Password for this package:

This password will be used to protect your record. It must be at least eight characters long.

Retype password:

REQUEST

5. After a short wait, your record will be ready to download.

Requested Records

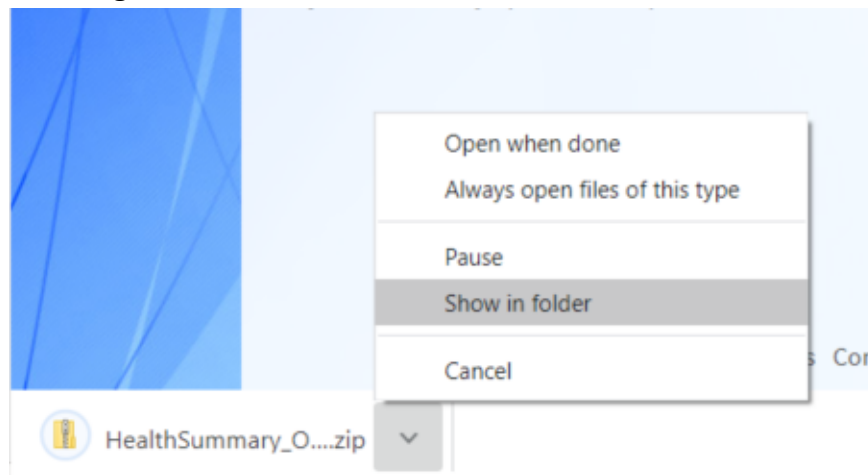

This is where your requested medical records appear for download.
